## MUST COME TO TIME

Saloonkeepers at the Lake Have Not Settled.

### BENCH WARRANTS WILL ISSUE

If They Do Not Pay Their Fines Soon, They Have Comulted Their Own Convenience in the Matter.

Early in the present term of the correct court several saloon keepers were sentenced to pay fines in Judge Adsit's court. Part of them were simply let off by paying the costs, or rather a promise to pay the costs. All of them seked for time and those having the heaviest fines were given sixty days by Judge Adait and their time has not vet expired. These who had nothing but the costs to pay are still on the books as not having paid their figes. Yesterday there was something of a controversy over the matter. The clerk of the court went to the prosecuting attorney's office and asked that a motion for a bench warrant be made to bring these convicted violators of the law to time. Prosecuting Attorney Wolcott was asked if it was common for a make the second of the law to th for a judge to wait until a motion was made before he issued a bench warrant. Mr. Wolcott said he had not been in the habit of making any motion, though he could see no reason why such an action would see no remain any art an action would not be proper. He had always seen judges issue orders for a bench warrant whenever necessity required without waiting for any one. These cases will be looked up at once, and the men will have to come in and pay. The delinquents are D. McCarthy, W. H. Cooper and David schoenfeld.

### May Sell Her Real Estate.

Henry C. Bennett, special guardian of Ora May Bennett, petitioned the circuit court to allow him to sell a lot belonging to Miss Bennett and lying on Broad-way. Mr. Bennett reported that Ora May Bennett has been sick for several he and has been confined in St. Mark's hospital at a heavy expense. He slates that she has no other property to realize from, and as he has received an offer from Frederick Lee to purchase the lot for \$1,050, or \$550 subject to a mortgage of \$500, he saked that the eafs he allowed. A hearing was had before Commissioner McGill and a favorable reportiwas made. He will now sell the ot and expend the money for the care

### James J. McKee Again in Court.

James J McKee was brought before Judge Adsit on a charge of rape yester-day is accordance with the order of the supreme court. He was not formally arraigned, but the case was put over the term and he will be in court next Tuesday. The criminal cases will come before Judge Grove next term and Mc-Kee will be tried before him.

### COUNCIL AGAINST REPAIRS. Burned Ionia Street Buildings May Not Be Relimit.

The council committees did little business lost night, but the committee on fire department will meet this morning on Ionia street to look over a building owned by F. D. Waldron which was damaged by fice last Saturday night, bineday night Mr. Waldron petitioned the council to allow him to place a new good on the old structure. From exprosones beard among the aidermen last night it seemed pretty certain that the position will be denied. The old places opposite the Union depot have long teen looked upon as an appeared and as a detriment to the city. there seems to be a feeling that these buildings should be replaced by good

automatical truncases blocks. The committee on buildings was busy with the bide for invarance on the city hall and police headquarters heating plants. The other committees did no muck whatever. The committee on poor has purchased a carbod of potatoes at 50 wats per bushel. The committee now has 600 bushels on hand, but as potators go out from the poor stors at the rate of ten humbels a day these will not last very long. The committee saved 15 cents a humbel by purchasing at wholesain in this way.
